HIGHLY ADDICTIVE!!

HOW TO IMPLEMENT AND USE IT STEP BY STEP:

Birra - Italian for beer, like in Heineken or Calsberg

Gudrox – drugs. Comes from street expression Gudra, Bosnian language

Sheitan, Diablo, Sotona – Devil or Satan in Arabic, Spanish and Slavic languages (in same order from left to right)

Trabaho si, fiesta no – Yes to work, no to partying and fun

kita kao motika – vulgar expresion from Western Balkans, “big dick as a hoe”, expressing big disapointment that often comes after big expectations. A *hoe*- device for digging. Most implemented in jails where lot of a stones. Or gartnering your potato field.

Hocu sad da bjezim jaa, s ova fakd ap planeta – I want to run away from this fucked up planet, now. in Bosnian

Todo mundo in drama – whole planet involved in drama

Ajn cvajn draj – German expression for 1 2 and 3

Globalna Katastrofa - ...do you really don't understand and want me to translate it?

Hora di- your whore, in norwegian

mora di- your mum, in norwegian

lindorf – nice and cute debt collection company

Telenor – just another big company, that rhymes on rnr

lenge leve rike piker – long live rich chicks

Jadan mali, hvor skal du – poor little, where are you going to hide

Ja bi shane , no banane – free to interpret for listener or reader

Vile bare glemme mer – i just want to forget as much as possible, Norwegian

..OR YOU CAN ALLWAYS RENT-A-UNDERDOGS TO DESTROY IT FOR YOU
